MONTEVERDE 8,000

Luxury Mattress

Salus Wellbeing® Wool Cover: Our Salus Wellbeing® Wool Cover is crafted using premium, high-quality wool to provide durability and temperature-regulating properties. We've also increased the comfort levels by adding a generous quilted layer that sits between you and the next layer, ensuring you get the same Salus Wellbeing experience whether you sleep on the mattress itself or our luxurious topper.

Salus Gelflex® Layer: A top layer uniquely designed to aid spine alignment whilst hugging your body for optimal support. The material in Gelflex also draws heat away from your body to help keep you cooler for longer.

Salus Wellbeing® Response Layer: A responsive layer that adapts to your body's movements throughout the night, providing a consistently high level of support and comfort. The hypoallergenic and air-enhancing qualities of this layer help create a clean sleeping zone, aiding temperature regulation and helping you wake up feeling refreshed.

Salus 6,000 HD Mini Spring System: A double layer of our individually wrapped 3,000 HD Mini Spring System actively enhances the level of comfort within the mattress by working individually to adapt to your body's pressure points, leaving you to relax and dream the night away.

Salus Plush 2,000 Spring System: Our individually wrapped Plush 2,000 Spring System provides a luxurious core of adaptable support that enhances airflow through the heart of the mattress, ensuring luxurious comfort.

Salus Protect Border: A sturdy border that not only protects the core of the mattress but also provides you with edge support.

Salus Wellbase® Support: Our Wellbase Support Layer forms the foundation that provides the strength and support needed for a luxurious night's sleep.

DAINTREE 10,000

Luxury Removable Pillow Top

Salus Wellbeing® Luxury Pillow Top: Our Salus Luxury Pillow Top has been crafted to bring you an unparalleled level of plush comfort with a generously quilted layer of premium, high-quality wool, helping you to unwind, relax, and restore. Our removable luxurious Pillow Top also features our unique Salus-branded button system and a secure no-slip base to ensure stability and comfort as you sleep.

Salus Gelflex® Layer: This unique layer is designed to aid spine alignment whilst hugging your body for optimal support. The material in Gelflex also draws heat away from your body to help keep you cooler for longer.

Salus 2,000 HD Mini Spring System: The 2,000 HD Mini Spring System adds a dynamic level of support into the topper that provides a responsive feel with added comfort.

Salus Mini Protect Border: A Mini Border that provides an additional layer of structural protection to the topper while also enhancing your support and comfort.

Salus Gelflex® Comfort Layer: We've further enhanced the feeling of luxury and opulence for you by adding an additional comfort layer. This layer elevates your sleep wellbeing by providing you with exceptional levels of comfort.

Luxury Mattress

Salus Wellbeing® Wool Cover: Our Salus Wellbeing® Wool Cover is crafted using premium, high-quality wool to provide durability and temperature-regulating properties. We've also increased the comfort levels by adding a generous quilted layer that sits between you and the next layer, ensuring you get the same Salus Wellbeing experience whether you sleep on the mattress itself or our luxurious topper.

Salus Wellbeing® Motion Layer: A pressure relieving layer that helps cradle your body as you sleep and absorbs movement so you can get the restful sleep you desire.

Salus Wellbeing® Response Layer: A responsive layer that adapts to your body's movements throughout the night, providing a consistently high level of support and comfort. The hypoallergenic and air-enhancing qualities of this layer help create a clean sleeping zone, aiding temperature regulation and helping you wake up feeling refreshed.

Salus Luxe 2,000 Mini Spring System: Our individually wrapped Luxe 2,000 Mini Spring System provides enhanced core support whilst maintaining a deep level of sophisticated comfort.

Salus Wellbeing® Balance Layer: A responsive layer engineered to provide a balanced blend of contouring comfort and subtle support. Positioned at the core, it gently adapts to your body's shape while ensuring seamless weight distribution and enhanced motion isolation.

Salus 3,000 HD Mini Spring: The Salus 3,000 HD Mini Spring system actively enhances the level of comfort within the mattress by working individually to adapt to your body's pressure points.

Salus 3,000 HD Mini Spring System: A double layer of our individually wrapped 3,000 HD Mini Spring System actively enhances the level of comfort within the mattress by working individually to adapt to your body's pressure points. Leaving you to relax and dream the night away.

Salus Protect Border: A sturdy border that not only protects the core of the mattress but also provides you with edge support.

Salus Wellbase® Support: Our Wellbase Support Layer forms the foundation that provides the strength and support needed for a luxurious night's sleep.
