# About Us

Official Mattress and Pillow Supplier

British Manufacturer

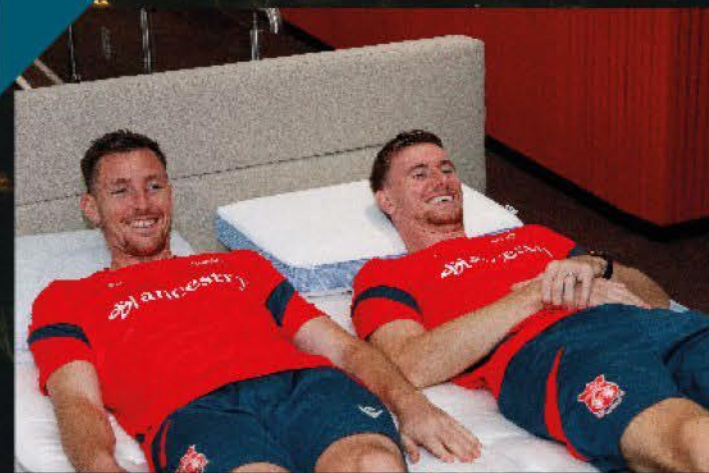

With roots in the sleep industry dating back to the 1970s, we're proud of a heritage built on trust, expertise, and innovation. As the first manufacturer to introduce vacuum-packed mattresses to the UK, we changed the way people thought about sleep — a concept that remains hugely popular today.

Proudly based in Derbyshire, we continue to manufacture in the UK, supporting local communities while keeping an eye on global trends. By combining heritage with forward-thinking innovation, we remain committed to offering products that are both cutting-edge and cost-effective — delivering sleep solutions you can truly rely on.

At UNO, innovation and quality craftsmanship are the foundations of everything we do. Our carefully designed range of mattresses, toppers, and pillows are created with modern lifestyles and sleep challenges in mind. No matter how you sleep — on your front, side, or back — there's an UNO product designed to help you **SLEEP. YOUR. BEST.**

Always looking forward, we're excited to bring our sleep expertise into the world of sport through our partnership with Wrexham AFC. Just as the team pushes boundaries on the pitch, we're dedicated to helping them perform at their best off it — ensuring every player benefits from the restorative power of quality sleep. It's a perfect partnership built on performance, commitment, and care.

# Uno EcoBrease Collection

The EcoBrease Collection combines feel-good comfort with a more considered approach to mattress design. Created around our desire to utilise eco-conscious foaming processes that help reduce foam waste, the collection offers a choice of supportive, comfortable mattresses ideal for those who prefer a medium to firm feel.

At the heart of the collection are our hardworking EcoBrease Support Foams, designed to provide dependable support while helping to absorb movement for a more settled night's sleep.

For an added feeling of freshness, selected EcoBrease mattresses feature our UNO-Pure Mattress Cover. Its antimicrobial properties help control the microbes and molecules that can cause unwanted odours, helping your mattress feel fresher for longer. The treatment is made using 100% naturally derived ingredients, giving you added reassurance night after night.

Official Mattress and Pillow Supplier

SLEEP. YOUR. BEST.

The latest additions to the collection are the **EcoBrease Tesselo Cool 25** and **Tesselo Cool 27**. Inspired by decades of mattress-making expertise, each mattress uses an innovative glueless interlocking construction, with carefully engineered layers designed to fit securely together without the need for adhesive. The result is a durable, comfortable mattress with an intelligent design that supports our ambition to create more considered and sustainable sleep solutions.

# Uno E-Volve Collection

The E-Volve Mattress Collection has been designed by our Development Team using many years of sleep knowledge and product experience to create something that takes the best elements from our past and present products, to create something that will perform time after time for you in the future.

Created using a range of high performance and supportive foams that help with spine alignment, pressure relief, and help regulate body temperature, there is a mattress in this collection to suit your needs. We've incorporated our own range of individually wrapped soft, medium, and firm springs to create unrivalled comfort and body-hugging support that can help you have a great night's sleep.

Official Mattress and Pillow Supplier

SLEEP. YOUR. BEST.

All mattresses in the E-Volve Collection use our Eco-Performance borders which have been designed to not only provide a layer of core protection but also ensure all-over flat surface support and comfort.

We've taken comfort one step further with the E-Volve Sleep Memory models. Using our brand-new Uno-Q Memory Cover to give you a quilted layer of enhanced cushioning inside the cover. This adds increased breathability and a cool surface, so you feel the benefit as soon as you lay on the mattress.

# Uno Zen Collection

The Zen Mattress Collection takes sleep to the next level. Designed to help increase relaxation and comfort through multiple layers of innovative foams and spring support systems.

First, we've added a supple layer of our lavender infused Memory Foam to help aid relaxation and to fall asleep faster for a better-quality sleep. To ensure maximum effectiveness and a soft, relaxing feel, we have quilted this layer into the cover, so you will feel benefit night after night.

To further enhance your sleep experience, we have added a layer of our unique Adapti-Cool Foam. This unique hybrid layer has been designed with an enhanced open cell structure that increases the breathability of the mattress to further aid temperature regulation, so you stay cooler for longer.

Our Eco-Performance border adds another layer of sleep innovation, it not only plays a pivotal role in protecting the core of the mattress, it also provides all-over flat surface support, meaning you receive the same levels of comfort no matter where you fall asleep.

## UNO InspiRed Pillow

**Rest easy. Wake InspiRed.**

The moment your head hits the UNO InspiRed Pillow, it's time to switch off, get comfortable and recharge for the day ahead. Designed for both side and back sleepers, it combines soft, supportive comfort with a subtle nod to Wrexham AFC – bringing a little extra passion to every night's sleep.

Inside, high-quality soft foam crumb recovered from our mattress manufacturing process creates a comfortable, resilient fill while helping us make better use of materials and reduce unnecessary waste

## OFFICIAL WREXHAM AFC UNO TRAVEL PILLOW

Travel in comfort and show your support with the Official Wrexham AFC UNO Travel Pillow. Made with moulded memory foam, this pillow gently contours around the neck to help support you on planes, trains, coaches and long car journeys.

The built-in cooling gel pad helps keep the pillow feeling fresh and temperature controlled, while adding an extra layer of soothing gel memory comfort. Finished with SootheTouch fabric, it is a practical and comfortable travel companion for Wrexham AFC fans on the move.

# RELAX PILLOWS

60 x 40 cm

## Relax Memory

Our moulded memory foam pillow contours to the shape of your head and neck while helping to relieve pressure for a feeling of natural support and comfort. The Relax Memory Pillow also helps with spine alignment which can help alleviate back pain.

## Relax Memory Plus

We've designed the Relax Memory Plus Pillow using the most comfortable moulded memory foam and added our own unique CoolMem FlexParticles which give a cooling sensation for increased comfort and to aid temperature regulation. The comforting memory foam also helps to support your preferred sleeping position by reducing strain to your neck and back.

## Relax Memory Cool

Our Relax Memory Cool Pillow has been designed with a responsive top layer of our CoolMem FlexParticle. This unique layer acts to not only cool and encourage airflow, but also adapts to the shape of your head and neck as you lay on the pillow giving you extra pressure relief. Add this to our moulded memory foam base and you get enhanced neck and spine support with the added benefit of a cooling layer to help regulate temperature.

## Relax Memory Ultra Cool

The Relax Memory Ultra Cool Pillow is the ultimate in complete support and a cooler, more neutral sleep. Designed with a plush top layer our own ultra cool CoolMem FlexParticle and a generous base of our moulded memory foam, this pillow promotes neck and spine alignment whilst shaping to the contours

## Relax Lavender Memory

The Sleep enhancing benefits of lavender meets the best in comfort Memory Foam design. This pillow has been infused with lavender to promote relaxation and to lessen stress. It conforms to the natural contours of your head and neck, delivering a deeper, more refreshing night's sleep.
